

Year 5 Home Learning Grid Term 5

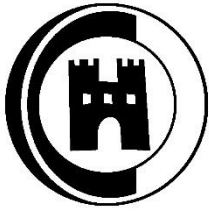

Our topic this term is: **Save Our Planet**

MAKE SURE YOU HAVE AN ADULT'S PERMISSION TO USE THE INTERNET

Complete one activity from this column per week:	Complete at least one more activity from these below per week and colour the box in using the key below:				
Find and recite a poem about living sustainability. This could be recorded on Seesaw for us to watch in class.	Adult supervision required Help sort out the rubbish at home for recycling. Take photographs and share with us in class.	Design a game to encourage people to recycle.	Celebrating food culture - what is your favourite meal at home! Draw a poster to show us.	Dissect and photograph the parts of a flower and share as a poster or on Seesaw.	Use PurpleMash 2Animate to create a stop animation of your favourite animal in its natural habitat. Can you create a 'Sir David Attenborough' style commentary to match.
Create a labelled diagram to show the different parts of a flower.	Make a list of items in your house that can be recycled, and those that can't.	Create a bird-feeder using recycled materials		Create a poster to show the life cycle of an animal of your choice.	
Why are bees in trouble? Create a poster to promote an understanding of the importance	Create a Folkestone inspired collage, using recycled materials.	Create a fact file to show the different types of renewable energy can be used.	Create a collage using food photographs in the style of the artist Arcimboldo.	Create a fact file about your favourite creature on planet Earth. Include it's habitat.	Write a short biography on Sir David Attenborough
Create a self-portrait in the style of Arcimboldo.			Visit a local supermarket and carry out a survey of seasonal fruits and vegetables - find items grown in the U.K..	Use junk materials to create a biome in a box. Remember to show the climate, plants and creatures in their habitat.	Write a short biography on Jane Goodall
Over the week, list 25 objects that you throw away in your house. Show this as a fraction and then as a percentage.	Create a poster to show the types of renewable energy we use in the U.K..	Design a rain catcher - how will your measure it every day? How will you record it?	Create a meal or sweet treat that is made using only items grown and made in the U.K. Photograph and share with us.		Watch an episode of Planet Earth III and create a poster to find the facts that you learnt from the program.
Week 1	Week 2	Week 3	Week 4	Week 5	Week 6

Be as creative as you can. Many of these activities will be set on Seesaw and you can share your learning using this platform if you wish.

You can use the internet or books to help you.

Castle Hill
Community Primary School

Dear Parents,

This term's home learning is linked to our topic of recycling and the use of sustainable resources.

To support their study, the home learning grid inside this booklet is designed to allow them choice and freedom to add more information to their class study. Seesaw is available for them to use if they wish. Some activities require adult supervision which we have noted in the activity box. Each time that an activity is completed please shade in on the grid.

Whitstable and Broadstairs Class will continue to have PE on Mondays. All children should bring in PE kits as usual at the beginning of term and these should be taken home to be washed on the last day of term.

Thank you for your continued support.

Miss Bright and Miss Farmer
